Cathedral Campus - Facts, Figures and Names

Welcoming Center to be renamed Christ Cathedral Cultural Center

As the gathering place for Catholic culture in the Diocese of Orange, the iconic building presently referred to as the Welcoming Center will be renamed Cathedral Cultural Center when the diocese takes possession of the property in June. Welcoming in nature, this building will attract people from all faiths to attend a wide array of exhibits, lectures, concerts and other Catholic cultural events.

Our Christ Cathedral Cultural Center is featured along with the 6 other buildings on campus in our new Capital Campaign Fact Sheet. This is the first of five fact sheets representing each of the capital campaign’s case elements.

Arboretum Renovations Underway

The Arboretum, built in 1961 as the original sanctuary space on the Crystal Cathedral campus, is undergoing a major face-lift. The key renovations include an innovative underground air-conditioning system, seismic strengthening, enhanced landscaping and, as the picture on the right shows, replacement of the building's glass.

This will become the temporary home for St. Callistus Parish at the end of June 2013 and until the dedication of our future Christ Cathedral.
Block I of Our Capital Campaign Going Strong

Block I, including 37 of our 62 parishes and centers, is off to a good start. To date, 214 parish receptions have been scheduled and more than 230 volunteers and couples have volunteered to serve on parish campaign committees. These volunteers are offering their time and talent as well as their treasure to support our faith, our church, and our future through the For Christ Forever Capital Campaign.

Please visit our website and pray for our campaign leaders, staff and donors as we work with parishes throughout the diocese to raise these important funds.

SPECIAL NOTE:
